### From New York.

Seizure of Satins--Mr. Duncan Makes a Proposition for Compromise. NEW YORK, August 18.—Thirteen cases of satins, fraudulently marked, were seized at general order warehouse on West street yesterday. Custom officers' invoice placed duty at two hundred and nine dollars, where it should have been six thousand four hundred dollars.

### GRIMWOOD AND DONALDSON.

Fate of the Balloonists at Last Solved. CHICAGO, August 18.—The Journal yesterday afternoon published a special dispatch from Montague, Michigan, with the details of the recovery at that point of Newton S. Grimwood, the Journal reporter who made the balloon ascension from this city with Donaldson four weeks ago. There is no doubt that the news is authentic, as memoranda were found on the body which renders the identification complete. The dispatches are as follows:

WHITEHALL, Mich., August 17.—The body of N. S. Grimwood, the Chicago Evening Journal's reporter, who went up with Donaldson in the missing balloon, was found yesterday on the beach of Lake Michigan near Stony creek, by A. Brakworth. He had on all his clothes except boots and hat. Letters and notes of his trip prove beyond doubt that it is he.

MENNS, Mich., August 17.—The body of Mr. N. S. Grimwood, your reporter, was found yesterday on the beach of the lake, about seven miles below Little Point Sauble Light-house. His papers, minutes and watch were found on the body. The body is buried at that point. It was in a bad state of decomposition.

WHITEHALL, Mich., August 17.—You need not doubt that N. S. Grimwood's body has been found. It was found in the lake shore, about fifteen miles north of here. I send you a copy of his notes, written while in the balloon.

C. A. HAWLEY.

Whitehall is twelve miles north of Muskegon, on the Michigan shore of Lake Michigan, almost opposite Milwaukee. Stony creek is near Whitehall. Without any particulars as to the exact locality where the body was found, it is presumed it was washed ashore from the lake, and therefore that the theory of the loss of the balloon in the lake was correct. Nothing being said in the dispatches concerning Mr. Donaldson or the balloon, it is taken for granted that they have not yet been found.

The Grand Lodge of I. O. O. F. of New York is in session in New York.

Returns so far received indicate that a majority of the French Councils General elected are Conservatives.

### Accidents on the Rail.

Their liabilities are \$72,000, assets \$108,000 with real estate over and above other assets of \$120,000. Losses by Western floods and depression in the iron regions preventing a collection are the causes of their failure. Their indebtedness is principally in Baltimore.

From the seventh, however, the Athletics scored unearned seven by means of two passed balls and several overthrows, made, seemingly, purposely by the White Stockings. The result was anticipated, but it was very evident to those who witnessed the game that it might have been different had it not been for the suspicious manner in which Higham played his part. Below is the score: White Stockings, 14; Athletics, 8. Umpire, Wm. McLean.

Sangerfest--A Rare Lecturer--Grangers' Harvest Home--Presentation--Tableaux, Etc., Etc., Etc. Special Correspondence of the Star.

DATTON, Ohio, August 17, 1875.

It rains about every two days in spite of the moon--by the way we are to have two moons this month, a thing that hasn't happened since 1858--but we take heart of grace and fly about between showers. But now the river has gone to its bed and Embury Park is a thing of the past, what shall I say to interest you? Do you care to know that we have a Sangerfest here? Well, we have, and the directors have been working hard to make it a success. This afternoon the Cecilia Mannerchor from your city came up to swell the host of singers, and the choir from St. Joseph's Church, Rochester, New York, came last Saturday to assist. A large number of strangers are expected here, if one can depend upon the greeting from citizens round about. It is to continue for one week and is held at Kammann's Church, Franklin street. Yesterday St. Joseph's choir, Franklin street, sang Kalin's mass "Jesu Reulempst" gloriously. Only four voices took part, which gave one full chance to note the fine rendering of this particular singer. The students of St. Francis Seminary, near Milwaukee, sang the offertory and vespers with fine effect.
